

OUR HOUSE BRAND CAFERINO

CAFERINO BIO ESPRESSO BEANS

The secret of our **organic espresso** lies in the perfect interplay of the floral, fruity aroma of the **Arabica beans (70 %)** and the spicy, powerful **Robusta (30 %)**. Particularly gently roasted the result is a strong espresso with a light aroma of nut and chocolate, whose fine crema is reminiscent of Italy.

Distinguished by their excellent properties, our Caferino espresso beans in organic quality are particularly suitable for the preparation of Espresso, Cappuccino and Latte macchiato.

CAFERINO BIO COFFEE BEANS

Our certified organic Caferino coffee beans are **made from 100 % premium highland Arabica beans**. A traditional long-term roasting process preserves the bean's velvety, balanced aroma particularly well. This gives each Arabica a full-bodied character that promises an exceptionally mild coffee taste.

The unique note and the mild taste of the coffee beans of our house brand Caferino give you the almost perfect Coffee-Bike moment at home – whenever you want.

Our Caferino espresso and coffee beans, various merchandise and many other interesting products are available in our **Coffee-Bike Shop**:

OUR COFFEE – OUR PROMISE

- Our green coffees come from **small farmers and owner-managed businesses** that are completely dedicated to the cultivation of coffee
- We pursue **long-term, fair supplier relationships** with coffee farmers in the countries of origin
- In the traditional **extended roasting process**, our best espresso and coffee beans are refined particularly gently
- Our Caferino beans offer outstanding **certified organic quality**
- With every Caferino pack sold, we support the **charitable projects** of terre des hommes – help for children in need.

WE SUPPORT TERRE DES HOMMES

Every bean counts! For every Caferino espresso pack sold or used, we donate **10 CENTS** to the aid organization **terre des hommes – Help for children in need**. It has set itself the task of combating child labour sustainably and is committed to the rights of children (in crisis areas) worldwide.
