

ABOUT COFFEE-BIKE

Since the foundation of Coffee-Bike in 2010, we have developed and perfected a mobile and self-sustaining coffee shop concept, that has established itself in cities all across the globe. To this day, we have stayed true to our roots and are operating only on nostalgic Coffee-Bikes that are handmade in our head office in Germany.

COFFEE-BIKE DIMENSIONS

TOP-CLASS TECHNOLOGY

With the build-in, manual lever espresso machine, our baristas can make up to 150 espresso and coffee specialties per hour. Thanks to our on-demand grinder, the heart of the Coffee-Bike, we can ensure to make perfect hot beverages without producing any unnecessary waste. By building over 250 Coffee-Bikes, and through continuous innovation, Coffee-Bike GmbH has gathered a vast amount of knowledge and production know-how. All of our Bikes are CE tested. This shows that our Coffee-Bikes are not just impressive for their looks, but also the technical sophistication, dependability and certification.

FLEXIBLE LOCATION SELECTION

Our Coffee-Bikes can operate for over 16 hours with no connection to water or electricity. This makes them perfectly designed for outdoor and indoor operations. Hence, no matter where you are, we can guarantee a unique catering experience.

MOBILITY

Through the Coffee-Bike's unparalleled mobility, we can offer high quality coffee specialties at any desired location. The Coffee-Bike allows for a quick change of location giving you the opportunity for temporary work in different places. With quick assembly and disassembly, the Coffee-Bike can serve hot drinks in different locations in a short amount of time.

PRODUCT QUALITY

Freshness and quality is what sells our coffee. The certified organic espresso beans from our in-house brand „Caferino“ are freshly ground for each cup, boasting a unique aroma and incomparable taste.

COFFEE-BIKE ACADEMY

Having gone through intensive barista, technical and operational training, Coffee-Bikers are trained to truly master their craft. You can expect fast and courteous service accompanying excellent coffee specialties.

NATIONALLY AND INTERNATIONALLY PROVEN CONCEPT

Great coffee from India to England! With over 200 business owners in 18 countries, Coffee-Bike is one of the fastest growing franchise systems in Europe. You can find our Coffee-Bikes in Germany, Austria, Switzerland, Belgium, the Netherlands, etc.

TESTIMONIALS

» COMPLETELY THRILLED

Our event was a complete success. All of the guests were excited by the quality of what you offered. We will gladly book you again. «

Coca-Cola Company

McKinsey & Company

AMNESTY INTERNATIONAL

» SMOOTHLY

Everything on the event went smoothly. We were pleased by the bike and products supplied and look forward to working together in the future. «

BMW

EXTRACT FROM OUR PRODUCT PORTFOLIO

Naturally, our sustainable philosophy is mirrored in our products. Only organic certified espresso beans from our in-house brand „Caferino“ are used in the preparation of our coffee specialties.

Our hot drinks are served in 100% biodegradable cups. Fancy something more refreshing? We have a vast offering of cold drinks and snacks!

Certification according to DE-ÖKO-001*

*Our Caferino espresso beans (250g/0.55lbs and 500g/1.1lbs packages) are organically certified
